

NCFF Contact Form

for interested project initiators

PLEASE COMPLETE THE FOLLOWING DETAILS:

- 1) Details on project initiator
- 2) Short project description
- 3) Project contribution to biodiversity and/or adaptation
- 4) Funding of the project

Contacting the NCFF team and purpose of the contact form:

- There are different ways of contacting the NCFF team. If you are interested to have a first initial discussion, please send us an email (NCF_Instrument@eib.org) and we get back to you to set up a call or meeting as soon as possible.
- Filling in the 'NCFF Contact Form' provides the basis for an informed discussion with you and for giving you a first feedback regarding the chances of getting funding through the NCFF. Preferably we receive the filled in contact form prior to a first contact, but it is also possible to send it following an initial discussion.
- Should you not be able to provide information on all sections, this is not an issue.
- Suggested lengths of section in number of pages are there for suggestion only and are not binding constraints.
- Before contacting us or filling in the contact form, please familiarize yourself with the information on the [NCFF website](#).

The NCFF team looks forward to hearing from you!

1) Details on project initiator

Initiator's or organisation's name	
Legal status (private project developer, municipality, local, regional or national authority, NGO or other)	
Address	
Name of person in charge of project	
Country	
E-mail	
Telephone No.	

2) Short project description

Please provide a short description of the project (~1-5 pages or provision of an already existing project document)	
Describe the project's 'business model', i.e. description or ideas how the project can repay the NCFF loan (revenue generation/cost-savings) <i>(only if this information is not already covered in the project description)</i>	
Location/s of project	
Is the project or parts of the project in a Natura2000 area	
Do you have any previous experience with similar projects?	

3) Project contribution to biodiversity and/or adaptation

i) Biodiversity

(such as, but not limited to: conservation and restoration projects, eco-tourism promoting conservation, ecosystem-based solutions to challenges related to land, soil, forestry, agriculture, water, waste and others)

AND/OR

ii) Ecosystem-based adaptation

(such as, but not limited to: nature-based flood protection, e.g. river-restoration, sustainable urban drainage systems, swales, creation of lakes, ponds; planting of trees, green spaces, green roofs/walls and others)

4) Funding of the project

Indicate estimate amount of finance needed from the NCFE Investment Facility (in EUR or local EU currency)
(NCFE can finance up to 75% of the project costs)

Amount of own funding
(if your needs are in the form of equity, please elaborate)

Amount of third party funding (private funding, grant funding, other)

Have you received any grant funding from the LIFE Programme before?

Indicate areas for which you may need grant funding from the NCFE Support Facility
